Changes to schedules

Flight numbers and departure times can change at any time. It's your own responsibility to be informed of this. Therefore we recommend that you check the airlines' website before departure of each flight for up-to-date flight information.

Name is shown incomplete on your e-ticket

E-tickets have limited character space in the name field. To ensure that your surname is not cut off, your middle name is sometimes only partly shown or omitted. You can check-in online with this e-ticket on the airline's website and use it for travel.

Explanation of spaces between names

The reason that there are no spaces between the first and middle name is because the airline reservation system does not accept spaces and punctuation marks. For them the first name is the combination of all first names connected to each other.

Example: Mr. John Peter Brown
Will be stated as: BROWN/JOHNPETERMR.

If the names are spelled correctly, your e-ticket is valid for travel, you can use it to check in with the airline.
